

## ACCREDITATION COURSE MBTI® STEP I AND STEP II CERTIFICATION

The Myers-Briggs Type Indicator® (MBTI®) is one of the world's most widely used and researched personality frameworks, supporting self-awareness, communication, leadership, and team effectiveness across organisational contexts.

This MBTI® Step I and Step II Certification programme enables practitioners to use the MBTI® assessment confidently, ethically, and effectively. Participants gain the professional certification required to administer, interpret, and provide feedback using MBTI® tools for individual, group, and team development.

Talogy is the exclusive partner and authorised reseller of The Myers-Briggs Company in the Middle East, delivering MBTI® certification programmes to the highest professional standard, supported by globally recognised methodology and locally experienced facilitators.

Everything about the programme was valuable! The activities were great for those of us who want to 'do' things to learn it and have a more hands-on style of learning.

## Course Overview

This extensive 4-day certification programme combines MBTI® Step I and Step II certification, providing a deep and practical understanding of personality type and individual differences.

The course introduces the MBTI® framework and its theoretical foundations, before progressing to the more nuanced Step II facets, which offer rich insight into how personality preferences are expressed in everyday behaviour at work.

Participants develop applied competence in administering MBTI® assessments, interpreting reports, and delivering engaging, ethical feedback and workshops that support self-awareness, development, and improved working relationships.

## Learning Outcomes
