

Programme Overview

MBTI STEP I AND II ACCREDITATION

Continue your
personal and
professional
development
by gaining a
certification to
purchase and
interpret the MBTI®
tools.

Once certified, you will be
ready to start using the
MBTI® instrument straight
away for individual, group or
teamwork.

As with all our psychometric
accreditations, your
certification is valid
internationally and lifelong.

Duration

4 days

We run the two certifications consecutively, resulting in a **4-day course**.

- **Step I is a 3-day course.**

Step I certification is a pre-requisite for the Step II certification

- **Step II is a 1-day course.**

Participants are required to pass a multiple-choice exam after each of the modules and to participate actively in exercises designed to ensure ethical and professional use of the instrument.

Objectives

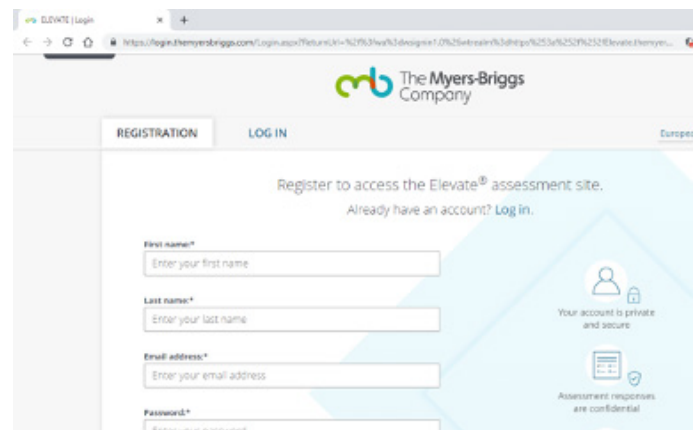

This course is perfect for HR Professionals, Line Managers, trainers and coaches who seek effective solutions to address development within their organisations.

- Achieve proficiency in administering, interpreting and feeding back the MBTI[®] instrument
- BLearn how to utilise the MBTI[®] instruments to help improve individual and team performance
- Develop leadership at every level of an organisation

Introducing the New Myers-Briggs® App

The new Myers-Briggs® App is the portable guide to MBTI® type. It helps users put self-awareness into action the moment they need it—anytime, anywhere.

For the MBTI practitioner, it's the ideal resource to provide people following an interpretation or workshop because it encourages real-world use of type. This results in even more successful training outcomes for both individuals and organizations.

MBTI® type at users' fingertips

- With the app, users have access to their MBTI type information all the time – it's always with them, on their smartphone, which promotes greater use of MBTI type
- Users can explore the 16 types to learn about their own strengths, blind spots, work styles, and stress triggers, as well as those of others, any time they need.
- With the app, users can easily compare their type to another person's type and understand the interpersonal dynamics between the two types. They get insights that will help them to build positive relationships.

Be sure users meet app compatibility requirements

The Myers-Briggs® App is designed for

- iPhone 7 and newer running iOS 10 or later
- Smartphones running Android 6.0 or later
